Students must order lunches before school or at recess time.

The Cohuna Secondary College Canteen Committee meets four times a year. An SRC representative and a School Council Representative attend these meetings. The Canteen Committee endeavours to provide a balanced, varied and interesting menu for the students at a reasonable cost. We would not be able to do this without the help of volunteer parents. The College appreciates your contribution of help. All families are rostered on once a term for 3 hours. If you are unable to do your turn please contact the Canteen Manager through the school so other arrangements can be made. The money raised through the canteen is put back into the school providing students with extra benefits.
